# A MESSAGE

FROM BOARD CHAIR, JOE HULIHAN AND  
EXECUTIVE DIRECTOR, ARMSTEAD G. JOHNSON

Each day, Mercer Street Friends offers families support and guidance away from a life of poverty, into a life of self-sufficiency. It has been over 60 years since committed Quakers opened the doors of 151 Mercer Street to Trenton and the Greater Mercer County community. Thousands upon thousands of lives have been impacted by the commitment of our founders to nourish minds and bodies and empower families and communities. Those first 60 years provided a roadmap for Mercer Street Friends to fulfill its mission and it is because of our ardent philanthropic community that we continue to navigate challenges leading towards a promising future for our children and families.

Food security, social and emotional care, removing educational barriers, and addressing trauma are at the heart of the work of Mercer Street Friends. This work was made possible by more than 2,350 individuals and families, foundations, and corporations. Each and every gift made to Mercer Street Friends goes towards changing the trajectory of a child's life in school, a mother's steps in parenting, or a young man's opportunity to gain employment.

We thank you for your confidence in Mercer Street Friends. Thank you for the time you've invested in our mission, for the millions of pounds of food you sorted, for the sponsorships at our Gala of Life in October, for the gifts to our Thanksgiving, December, and Spring appeals. Thank you for what you've given to Trenton and to Mercer County. Thank you for standing with Mercer Street Friends for the past 62 years. Here's to the many years of service ahead.

## THE IMPACT CENTERS OF MERCER STREET FRIENDS

Adopting a Community Schools philosophy has allowed the organization to link its multi-faceted services to impact individuals, children and families in need. Community Schools, Early Childhood Education, Parent and Family Empowerment, Workforce Development and a Food Bank.

Mercer Street Friends, through its mission to Nourish Bodies and Minds, Empowering Families and Communities, reaches over 60,000 individuals and families throughout Mercer County.

### COMMUNITY SCHOOLS

Mercer Street Friends is the leader in the Community Schools movement in Trenton, NJ, and one of the most well-known in the state. In collaboration with Trenton Board of Education, Mercer Street Friends has partnered with Luis Munoz-Rivera Community Middle School and Benjamin C. Gregory Community Elementary School.

The Community School model combines best educational practices with expanded learning opportunities for students and families (after school, weekends, and summer programming). Community Schools provide health, mental health and social services to promote the well-being of students and families and to ensure that children are physically, emotionally and socially prepared to learn. It is both a place and a set of partnerships between schools and other community resources with an integrated focus on academics, health and social services, youth and community development and community engagement that leads to improved student learning, stronger families and healthier communities.

"Partners work to achieve results where: Children are ready to enter school; students attend school consistently; students are actively involved in learning and their community; families are increasingly involved with their children's education; schools are engaged with families and communities; students succeed academically; students are healthy—physically, socially, and emotionally; students live and learn in a safe, supportive, and stable environment, and communities are desirable places to live."
